• Red carpet, Stanchions	
PIPE & DRAPE	9

Before you rent

Is there a sprinkler system or underground cables that would prevent us from using stakes to secure the tent? If so, is there a water source to fill the needed water barrels?

Is your space grassy or asphalt? The condition of the ground dictates what type of tent that we can install. Be mindful of trees and landscaping that may encumber installation.

Will your venue allow delivery and pickup within our business hours?

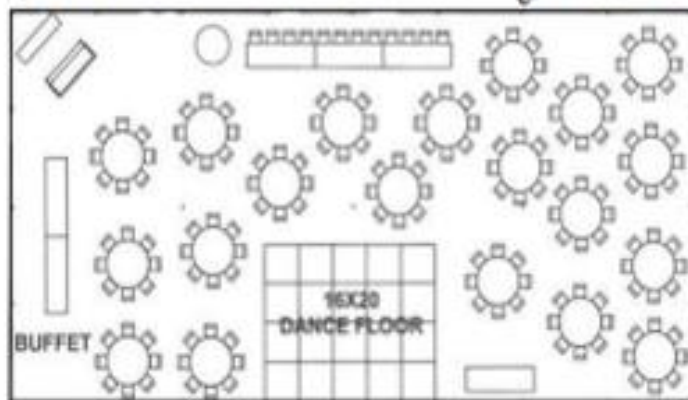

M-F 9-5/ Sat 9-12

(Additional fees will apply if not)

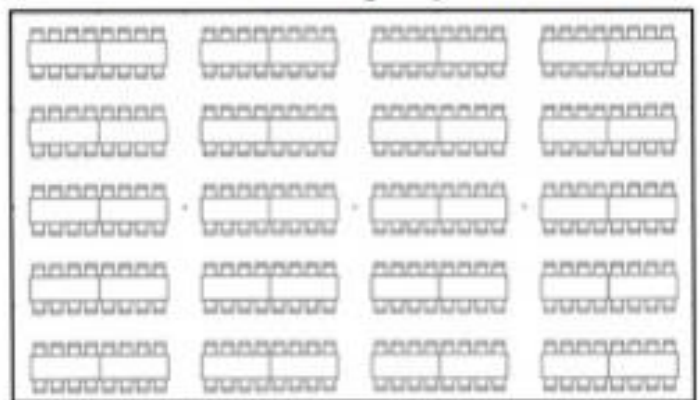

Have you equated space for a dance floor, food tables, gift table, cake table, etc.?

See This Example of a 40x80 Tent:

Head Table/Dance Floor/Buffer/Bar- Seating for 160 Guests

Tent for Guest seating only- 320 Guests

Pipe & Drape

A simple and effective way to add the look you want to any event!

Try it with our DJ Cheauvet up lights for a dramatic look

Pipe and drape are comprised of four pieces:

- Base
- Upright
- Crossbeam
- Drapes

The crossbeam can extend to up to 10 feet across creating one section, or ten linear feet. These sections connect to form the desired length.

Our company recommends using 3-6 drapes per section depending on the desired transparency

We also carry telescoping uprights that extend from 6ft-16ft high

Pricing

Base-reg./large	\$2ea./\$5ea.	Crossbeam	\$4 ea.
Upright 8'	\$4 ea.	Drape 8'x60"	\$5/panel
Upright 6'-10'	\$6 ea.	Drape 16'x60"	\$12/panel
Upright 9'-16'	\$10 ea.	Valance Hanger	\$2 ea.
